

## Morning Desert Safari

### Destacados

- Not provided

### Descripción

For our guests who want to start the day with the coolness and silence of the desert, this morning tour offers an adrenaline-filled experience in the Dubai desert. Starting in the early morning hours, this tour is completed before midday and does not include meals or entertainment programs at the camp. Instead, it is designed to be ideal for guests with more intensive schedules or for those who simply want to experience the desert by offering activities that are the essence of a two-stage safari. Tour Program 1. Break at the ATV & Buggy Area The tour begins with your pick-up from your hotel in shared 4x4 vehicles for 6 people in the early morning hours. The first stop is the ATV & Buggy area located in the middle of the desert. Guests who want to use an ATV can experience this at an extra cost. Guests can also choose to relax or explore the area. 2. Dune Bashing & Photo Break After the ATV break, an exciting journey into the red sands of the desert begins. During the Dune Bashing led by experienced drivers, the vehicles drive at a lively pace over the sand dunes. The tour includes a stop at a sand dune for enjoying the scenery, sandboarding, and taking photos. The tour will be finished with the same 4x4 vehicles returning you back to your hotel without heading to the camp area.
