

Dubai Jet Ski Tour

Highlights

- Ride along the Dubai coastline with landmark views of Burj Al Arab and Palm Jumeirah.
- Choose 30 or 60 minutes and ride on a 2-person jet ski with instructor guidance.
- Capture your sea ride moments with staff-assisted phone photo and video support.

Description

Dubai Jet Ski Tour is a high-energy water activity designed for travelers who want to combine speed, skyline views, and safe operation in one organized session. The route is set on open sea with landmark perspectives of Palm Jumeirah and Burj Al Arab, so the ride offers both adrenaline and iconic photo angles throughout the experience.

Before departure, the team provides a practical safety and operation briefing, then the ride starts under instructor supervision. You can book a 30-minute or 60-minute session depending on your preferred intensity and sea time. Each jet ski is configured for two participants, which allows couples, friends, or family members to share one vehicle in the same booking unit.

This experience is planned as a meeting-point activity with no hotel pickup. Check-in takes place at Jumeirah 3 near Burj Al Arab, and confirmation details are delivered after booking. During the activity, staff assist with phone photo and video capture so you can keep ready-to-share content while focusing on the ride.

Included

- 30-minute or 60-minute Jet Ski session
- Instructor briefing and guided operation support
- Safety equipment (including life jacket)
- Phone photo and video assistance by staff

Excluded

- Hotel transfer
- Professional photo/video package
