

Jet Car Dubai 6523

Highlights

- Sports-car-style jet car ride on Dubai waters with instructor-led safety flow.
- 20, 30, and 60-minute options with both 2-person and 4-person vehicle capacity.
- Meeting-point operation near Burj Al Arab with phone photo/video support.

Description

Jet Car Dubai is a premium water activity that combines the look of a sports car with the control and performance of a high-powered sea craft. The experience is designed for travelers who want a short, high-adrenaline session on open water while still enjoying clear landmark views around Dubai's coastline.

You can choose 20, 30, or 60 minutes based on your preferred ride intensity. Before departure, the instructor gives a practical safety and operation briefing, then the route continues under guided supervision. The activity is offered with 2-person and 4-person vehicle options, so couples, families, and small groups can book the correct capacity without overpaying for unused seats.

This product runs as a meeting-point experience with no hotel transfer included. Check-in is completed at Jumeirah 3 near Burj Al Arab, and exact participation details are confirmed after booking. Staff can assist with phone photo and video capture during the session, helping you keep ready content from the ride while staying focused on the water experience.

Included

- Jet Car ride for selected duration (20 / 30 / 60 minutes)
- Instructor briefing and guided operation support
- Safety equipment (life jacket included)
- Photo/video assistance with your phone

Excluded

- Hotel transfer
