

# Banana Boat Dubai

## Highlights

- 15-minute group banana ride with fast turns and high-energy wave action.
- Three vehicle-size options with scalable group pricing logic for larger participant counts.
- Daily half-hour departures in Jumeirah with English instructor support and no-pickup flow.

## Description

Banana Boat Dubai is a high-energy group water activity designed for travelers who want a short but dynamic ride in open sea conditions. You ride on an inflatable banana boat towed by a speedboat, with quick directional changes and wave action that create a fun, social, and adrenaline-focused experience.

The product is structured for couples, friend groups, and families who prefer shared adventure over solo water sports. Professional crew members run a safety briefing before departure and monitor ride flow throughout the session. Life jackets and required safety gear are included as standard, keeping the activity simple to join even for first-time participants.

This listing is configured as a no-pickup product with meeting in Jumeirah, Dubai. Availability runs daily from 09:00 to 16:30 in half-hour slots. Flexible reservation flow, including deposit mode, and clear cancellation terms are already active in the booking setup for faster conversion at checkout.
