Description

The Diamond of the Bosphorus Lunch Cruise Istanbul is a relaxed afternoon experience combining a scenic boat tour with a simple onboard meal. This tour focuses on enjoying the Bosphorus and Golden Horn from the water, offering a different perspective of the city without the intensity of a full-day program.

During the cruise, you will sail along both the Golden Horn and the Bosphorus, passing by some of Istanbul's most iconic landmarks. From the boat, you can admire sights such as the Dolmabahce Palace, Ciragan Palace, Bosphorus Bridge, and the Maiden's Tower, all viewed from a unique angle on the water.

The cruise itself lasts approximately 2 hours, providing enough time to relax, take photos, and enjoy the atmosphere. Unlike evening dinner cruises, this experience takes place in the afternoon, offering clear daylight views of the city.

A meal is served on board during the cruise, allowing you to enjoy the experience comfortably. Drinks are not included and can be purchased separately.
